

# AKSHAY JAIN

## WEB DEVELOPER

---

### OBJECTIVE

Aspiring Web Developer with a passion for creating user-friendly and visually appealing websites. Seeking an opportunity to apply my skills in front-end and back-end development to build engaging digital experiences and grow as a developer.

---

### PROJECTS

#### E-Commerce Website

- Designed and developed a fully functional e-commerce website.
- Implemented a user-friendly interface to enhance the shopping experience.
- Focused on responsive design and smooth navigation for all devices.

#### Personal Portfolio

- Built a personal portfolio website to showcase projects and skills.
- Used modern UI/UX principles to create an engaging and professional design.
- Ensured responsiveness and cross-browser compatibility.

#### Netflix Clone

- Developed a Netflix clone using HTML and CSS.
- Applied responsive design techniques for a seamless viewing experience.

#### Analog Clock

- Created an interactive analog clock using HTML and CSS.
- Implemented animations to enhance visual appeal.

#### TEK-Connect 2024 Project

- Collaborated on a project presented at TEK-Connect 2024.
- Gained experience in UI/UX design, teamwork, and presenting to an audience.
